

Kick-off meeting agenda of the FET Open project AndQC

Andreev qubits for scalable quantum computation

23-24 May 2019

Program

23 May	
9:45	<i>arrival, coffee & tea</i>
10:00	Attila Geresdi: Organizational matters & the AndQC consortium
10:30	<i>steering committee meeting, for PIs only, agenda follows</i>
12:00	<i>lunch break</i>
13:15	Christian Schönenberger, University of Basel
14:00	Lucia Sorba, Nano-CNR
14:45	<i>coffee break</i>
15:15	Michael Wimmer, TU Delft
16:00	Marcelo Goffman, CEA Saclay
16:45	Jesper Nygård, University of Copenhagen
17:30	<i>discussions</i>
18:00	<i>departure for dinner</i>
24 May	
9:15	<i>coffee & tea</i>
9:30	Alfredo Levy Yeyati, Autonomous University of Madrid
10:15	Szabolcs Csonka, Budapest University of Technology
11:00	<i>coffee break</i>
11:30	Giorgio Biasiol, IOM-CNR
12:15	Attila Geresdi, TU Delft
13:00	<i>closing, lunch, departure</i>

Each partner is allotted 45 minutes including questions to introduce the node, recent relevant activities and future plans. Please link these to the deliverables, milestones and workpackages of AndQC, and present preliminary results, if applicable.

During the steering committee meeting, students and postdocs can participate in lab- and cleanroom tours.

Location

Room B218
Delft University of Technology
Building 22, Faculty of Applied Sciences
Lorentzweg 1
2628CJ, Delft, Netherlands

Workshop dinner on the 23rd

Restaurant Van der Dussen
Bagijnhof 118
2611AS Delft, Netherlands

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 828948.
